

MOHAN KRISHA KONDALA

AI&ML ENGINEER

ABOUT ME

I am Mohan Krishna Kondala, a B.Tech student specializing in Artificial Intelligence and Machine Learning at NRI Institute of Technology. I have a strong interest in AI technologies, machine learning models, and software development. I enjoy building innovative projects, participating in hackathons, and applying AI solutions to real-world challenges.

EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence & Machine Learning

NRI Institute of Technology (NRIIT)
2024 – 2028 (Expected)

Intermediate (Class 11 & 12)

FIITJEE Junior College
Year: 2022 – 2024

Secondary School (Class 10)

Vignan Vihara Residential School
Year: 2022

WORK EXPERIENCE

Internship

Artificial Intelligence & Machine Learning Intern YHills EdTech Pvt. Ltd. (June 2025 – August 2025)

- Learned and implemented basic Machine Learning algorithms such as Regression and Classification.
- Worked with Python for data analysis and model building.
- Gained practical experience in AI/ML concepts and real-world problem solving.
- Completed projects related to machine learning models.

Project Intern – Agri Smart ProjectCM Office, Government of Andhra Pradesh(Jan 16, 2026 – Feb 11, 2026)

- Worked on an agriculture-based smart technology project.
- Assisted in developing AI solutions for agricultural support systems.
